

“Heart Scan for Married Men”

“A Men’s Collective”

Our **collective** is a group of men that share or are motivated by a common issue or interest (**Jesus Christ**), or assemble together to achieve a common objective (**navigating life in a Godly fashion**) ...

Saturday, August 21, 2021 @ 8:00 pm ET

Greetings My Brother in Christ, I am LaPinsky Phillips. Are you looking for something different to do next Saturday night from the comfort of your own home that will bless and strengthen you? Consider this.

I am inviting men from local churches, from various walks of life, in early and late seasons of their life’s journey and different cultural and ethnic background to create an environment where **“collectively”** we share “life nuggets” and **“collectively”** we transfer Godly wisdom.

Come spend a couple of hours with other men whose journey is to become stronger men of integrity. Join us and experience **“Heart Scan for Married Men”** for yourself or be a representative for your church, men’s ministry or small group. The dashboard above is a sample of the topics available for discussion. In this virtual environment, the men use their cell phones to anonymously choose the topics for discussion, then they answer topic related questions followed by discussion. See it for yourself; you won’t be disappointed.

There is no cost to join us, but registration is required.

Title: Heart Scan for Men - This is a **FREE** Virtual / Zoom Event
