Want to make a new impact on your men: we can help. Click on the images below for more information about this unique resource for men's ministry. **Heart Scan for Men** is a different approach to ministering to the needs of men. Heart Scan for Men offers three uniquely different ministry formats to choose from. Combine them together for the full **Heart Scan for Men** experience.

Needed Change - Offers Diversity - Effective

Men's - Game of Jeopardy

The Game of Jeopardy provides a competitive environment for men to uncover and discuss their life issues. This teaching and ministering model fosters team competition and comradery within and between the small group participants. The men's answers to each question provide numerous discussion and ministering opportunities. Optionally, the game board may be populated with material currently used in your men's ministry curriculum.

Men's - Gridiron Classic

Start your Men's Ministry's next season with a change of pace, something different to challenge the hearts of your men. The Men's Gridiron Classic is a narrated play by play of the challenges of the average Christian man. This interactive presentation is set around the backdrop of "the game of life" and each man is quarterback of his life and team. This game of life must be played regardless of the weather conditions or whether the men are prepared. Life Happens.

Men's - FreeStyle

This unique resource will help get to the real issues that challenge men today. With "FreeStyle", men have the opportunity to choose those areas of their spiritual walk that need to be ministered to. Each man responds to the questions anonymously using their digital keypad. After the majority make their selection, a video or audio snippet is used to segue into the discussions. The answers to each question will serve as a ministering opportunity.
